emands for Increased Facilities Grow More Insistent.

Kansas inxpayers must pay dearly for the cutting and slicing of appropriations for state educational instituons two years ago. All improvements and repairs made on the institutions this year will cost 40 per cent more than they would have cost two years ago, according to estimates made at the office of the state board of admin-

istration.

The board is busy preparing its biennial report for the governor. In
this report recommendations for improvements in state educational institutions will appear and be presented
to the state legislature during the

Not even an approximate estimate Not even an approximate can be made on the repars and improvements demanded by the growth of the schools, so poorly supplied during the present administration. But on the few estimates made it has been discovered that the increased cost of iscovered that the infection of the insterials will make the expense of insterials will make the expense of improvements asked for two years ago mount to 40 per cent more this year.

Attendance Increasing.

Attendance Increasing.

A large increase in attendance in all state educational institutions has been reported. At the University of Kansas the enrollment has jumped 500 this year over last. In short, enough new students have been enrolled in one year to establish a very creditable college all by itself. In the Manual Training school in Pittsburg the attendance has doubled since 1913. That year the attendance was 500. This year it is 1,000. Like increases, proportionate to the sizes of the institutions, have been noted by the board of administration. In the last two ryears, according to their statements, improvements and additions to meet a

Inquiry among them develops the information that in hoir care they find it dangerous to shampoo with any makeshift hair cleanser. Instead they have studied to find the finest preparation made for shampooing and bringing out the beauty of the hair. The majority of them say that to enjoy the best hair wash and scalp stimulator that is known, get a package of canthrox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. It costs less than three cents for this amount. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy hat it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulaced scalp gains the health which insures hair growth.	of poems and stories to leading magazines and newspaper.
